

# 29th Symposium on Fusion Technology (SOFT 2016)

## Tuesday 06 September 2016

### O2B - Meeting Hall I 1st floor (11:00-12:20)

time	[id] title	presenter
11:00	[49504] O2B.1 Plasma facing components for the European DEMO: advances in engineering designs	BARRETT, Thomas R.
11:20	[49505] O2B.2 Development and analyses of self-passivating tungsten alloys for DEMO operational and accidental conditions	WEGENER, Tobias
11:40	[49506] O2B.3 Overview of the different processes of tungsten coating implemented into WEST tokamak	FIRDAOUSS, Mehdi
12:00	[49507] O2B.4 Development of the flowing liquid lithium limiter for EAST tokamak	YANG, Qingxi
